KAPATID NI VICE MAYORAL ASPIRANT 50K BUWANAN SUSTENTO SA DROGA?

Talaga namang love na love ni Vice Mayoral Aspirant ang kanyang kapatid dahil nagkakahalaga ng Php 50,000 ang buwanang natanggap na sustento nito kahit na adik na tulak pa.

Dati na daw naisyu ng mga kapitbahay etong si adik na tulak dahil talamak magbenta at magpa pot session sa kanyang bahay every weekend ng gabi at walang katigil tigil kahit narehab na ito.

At dahil nga love ni Vice Mayoral Aspirant ang kanyang kapatid ay patuloy ang pagkunsinte at pagbigay ng buwanang sustento at hindi rin natiis sa loob ng rehab ang kapatid kaya't pinalabas din.

Sino etong Vice Mayoral aspirant?? Dati nang isinuka ng kinabilangang partido dahil sa ipinakitang "ATTITUDE PROBLEM" kaya't nasa kabila sya ngayon. At dahil din sa naturang problema sa pag-uugali ay isang beses pa lang nakaupo sa guberno dahil di rin mapakisamahan ng maayos ang mga staff.

Pinagkakalat niyang "breadwinner" siya pero ang totoo ay pumatol lang siya sa matandang mayaman na namatay din agad ... Olats din sya noong nakaraang eleksyon dahil alam na alam ang tunay na pag-uugali.

Ngayon ay suportado ang kapatid na adik na tulak, ano kaya mangyayari kung makau-po pa siya??

PS: WALA AKONG BINANGGIT NA NAME... ANG PUMIYOK GUILTY...HE HE HE.

So, there are many teachers who resigned from their positions at present. I get to view the "My Day" of one of my closest college friend and a teacher as well today. She was trying to make a quick pose on some alleys in the U.S with her husband. I was shock to know that she actually resigned as a teacher already.

This is not the first time that my friends went abroad to find a greener pasture. I also have another teacher friend who went to Australia before Covid19 hits the world. She also resigned from her post as a teacher.

This is what I realized when I look back the number of my friends who gave up their long loved profession. My thoughts were running wild as well because I myself have also wanted to try my luck abroad like them.

There are many reasons why teachers resigned from their positions but one reason is for sure. It is to earn more, to find a higher salary abroad. We all know that the salary of a teacher in our country cannot suffice the needs of the family. It is not enough to cover all the expenses and the tuitions of the children.

Sooner or later, we will lose many of our most skillful teachers. If our government can give what is due to teachers, then this won't happen. Imagine that only the Philippines is one country that has the lowest salary in the ASEAN.

If opportunities knock at our doors, for sure we will grab it. It is like with teachers as well. When opportunities to work abroad will be demanding, then it will be a goodbye. Teachers in other Asian countries like Thailand are way more promising. They said that in Thailand, if your wallet doesn't have 10K baht then you are not a teacher. Thailand teachers posted it online. They al-

Regional Director, PBGEN Antonio C Yarra, spearheads the launching of Pulis CALABARZON @ Ur Serbis today at Multi-Purpose Center, Camp BGEN Vicente P Lim, Calamba City, Laguna.

The program aims to showcase PRO CALABARZON's significant events and notable accomplishments as well as focus on the unit's accomplishments, significant incidents and events, and updates on sensational cases. It was conceptualized by RD Yarra inspired by "Pulis @ Ur Serbis Reloaded" of the PNP Headquarters tied up with UNTV, launched on March 21, 2022.

Pulis CALABARZON @ Ur Serbis will be aired regularly every Monday at 9:00 AM via FB live on the official Facebook page, Police Regional Office 4A.

PBGEN Yarra in his message conveys his appreciation to all for their active participation in the said program. "By doing so, we will exemplify to the people the true picture of a police CALABARZON, molded with Aptitude taking action, having the right attitude, facing accountability in everything we do and uphold the rule."

"It is our best hope that through this initiative, we will champion the trust and confidence of the people," he added.

During the program, Police Provincial Offices and RMFB 4A present an audio-visual presentation highlighting their unit's accomplishments and significant incidents followed by a press briefing with the press corps members.

Meanwhile, Police Colonel (PCol) Cecilio Ison Jr took

MANY TEACHERS RESIGNED FROM THEIR POSITIONS AT PRESENT

ways have money in their wallets.

We hope that our government will now give the teachers their plea for years. Let us not give another reason for teachers to leave our very own country for good. To those teachers who resigned from their positions to work abroad, you have a very good choice. After all, we work to survive, not survive to work.

Meanwhile, Filipino teachers may try their epic luck in Taiwan as the country is offering higher salary. This is the latest news on the society of teachers at present.

As far as workload versus the salary is concern, the possibility of brain drain is likely to happen. Considering the fact that teachers nowadays are struggling with their finances. Teachers may try their epic luck in Taiwan if they want to upgrade their salary.

It is nonsense to still stay in the Philippines with no assurance for the family. Loans are everywhere, bills and tuition fees are coming together. Still the salary is the same yet the prices of all commodities are going up.

There are many factors that will tempt all teachers to apply in other countries as teachers. Nowadays, status is not anymore a big achievement. What will your status give you if you can't even live in peace because of your loans?

Position status for me is useless in the Philippines. Teachers here strive hard to graduate Master's Degree and Doctors Degree in education. You know what, these people with higher position status still have loans anyway.

This is why teachers may try their epic luck in Taiwan or in other countries offering a decent salary. Even teachers in Thailand are doing great. I will be a hypocrite if I say money is not the issue here. Money is always the issue I tell you. Isn't it the reason why we work? To earn money to survive?

In the next few months, the country would expect teachers to work in other countries. Why not? When the job offer is not that difficult and yet you can earn plenty then go. In other countries, a teacher is only a teacher, no more other workloads. Unlike the Philippines, when you are a teacher, you do all the work.
